

## Abscess.

W. H. Harrison, Cleveland, Miss., writes, Aug. 15, 1902: "I want to say a word of praise for Ballard's Snow Liniment. I stepped on a nail, which caused the cords in my leg to contract and an abscess to rise in my knee, and the doctor told me that I would have a stiff leg, so one day I went to J. F. Lord's drug store (who is now in Denver, Colo.) He recommended a bottle of Snow Liniment; I got a 50c size, and it cured my leg. It is the best liniment in the world."

Abscesses, with few exceptions, are indicative of constipation or debility. They may, however, result from blows or from foreign bodies, introduced into the skin or flesh, such as splinters, thorns, etc. For sale by S. E. Woods.

## J. M. A. Notes.

Mr. Thomas Davenport of Poplar Bluff visited the J. M. A. from Saturday to Monday. He has a boy and girl in the J. M. A.

Dr. Crow of Caruthersville, who has a son in the J. M. A., came up Monday and brought another boy, Will McElvain, and placed him in the school.

Eastover, the palatial home of Mr. and Mrs. R. M. McCombs, was the scene of a brilliant social affair last Saturday evening. Someone whispered that it was Mrs. McCombs' birthday, and some of her friends decided to surprise her and accordingly invited twenty young people to march to Eastover, where they completely surprised Mrs. McCombs. Whether surprised or "at home" Mrs. McCombs is a most gracious and delightful hostess, and equal to the occasion. She proceeded to make the evening a most delightful one for all those present.

The J. M. A. is surely to be congratulated upon bringing to Jackson such elegant musical talent as is here this year. Those who have heard Miss Prejawa of Columbus, O., play have been surprised and charmed. It will be but a question of time till Miss Prejawa takes her place among the foremost pianists of America.

Miss Lola Barringer is also a splendid addition to our town musically. She possesses a strong contralto voice of richness of quality and sings with an ease that would reflect credit on one much older in years and experience than Miss Barringer.

Miss McCune's voice was heard recently at the M. E. church and is rapidly taking on the color and finish that will make for her a name among American singers.

We shall certainly hope to hear these young artists in a program at an early date.

Mr. Harry Fulenwider has returned from a most enjoyable trip to the fair.

## Young Plants

Every farmer knows that some plants grow better than others. Soil may be the same and seed may seem the same but some plants are weak and others strong.

And that's the way with children. They are like young plants. Same food, same home, same care but some grow big and strong while others stay small and weak.

Scott's Emulsion offers an easy way out of the difficulty. Child weakness often means starvation, not because of lack of food, but because the food does not feed.

Scott's Emulsion really feeds and gives the child growing strength.

Whatever the cause of weakness and failure to grow—Scott's Emulsion seems to find it and set the matter right.

## Beautiful Women.

Plump cheeks, flushed with the soft glow of health and a pure complexion, make all women beautiful. Take a small dose of Herbine after each meal; it will prevent constipation and help digest what you have eaten. 50c. Mrs. Wm. M. Stroud, Midlothian, Tex., writes, May 31, 1901: "We have used Herbine in our family for eight years, and found it the best medicine we ever used for constipation, bilious fever and malaria." For sale by S. E. Woods.

## Jackson.

Jackson is situated near the center of Cape Girardeau county and is surrounded by a fine farming country.

She has two good roller mills that manufacture the best flour in the world, and give employment to nearly one hundred men. The handle factory of LaPier-Sawyer makes fine hickory handles and employs about ten men. The Jackson brick and tiling factory makes the best pressed brick and tile and employs fifteen or twenty men. The Kosten brick yard makes good brick and furnishes employment for several men. And yet we need more manufacturing interests. Now, since R. M. McCombs, H. H. Muelle and Wm. Byrd have built fine new residences and others are also thinking about building, and two new church buildings are going up in our town it seems to us that somebody should get interested in the light and water works of our town. Also, we are blessed with a good public school and school of fine arts and military culture. These also are arguments for water and light.

Is it possible that we can interest no one on this subject? Are the citizens of Jackson satisfied? Do they think we need no lights or water? The electric railroad between here and the Cape seems to be dead. It has no more franchise on our city and the people have lost hope of its ever reaching Jackson.

## FEMALE WEAKNESS

542-1-2 Congress St.  
Portland, Maine, Oct. 17, 1902.  
I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pains would shoot through my back and sides, and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed to be beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering the agonies I usually did and soon became regular and without pain. Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Wilhelmina Sauer  
Treasurer, Portland Economic League

Periodical headaches tell of female weakness. Wine of Cardui cures permanently nineteen out of every twenty cases of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, that is the best reason in the world you should try Wine of Cardui now. Remember that headaches mean female weakness. Secure a \$1.00 bottle of Wine of Cardui today.

# YOUR KIDNEYS ARE THEY WELL?

Unless they are, good health is impossible.

Every drop of blood in the body passes through and is filtered by healthy kidneys every three minutes. Sound kidneys strain out the impurities from the blood, diseased kidneys do not, hence you are sick. FOLEY'S KIDNEY CURE makes the kidneys well so they will eliminate the poisons from the blood. It removes the cause of the many diseases resulting from disordered kidneys which have allowed your whole system to become poisoned.

Rheumatism, Bad Blood, Gout, Gravel, Dropsy, Inflammation of the Bladder, Diabetes and Bright's Disease, and many others, are all due to disordered kidneys. A simple test for Kidney disease is to set aside your urine in a bottle or glass for twenty-four hours. If there is a sediment or a cloudy appearance, it indicates that your kidneys are diseased, and unless something is done they become more and more affected until Bright's Disease or Diabetes develops.

FOLEY'S KIDNEY CURE is the only preparation which will positively cure all forms of Kidney and Bladder troubles, and cure you permanently. It is a safe remedy and certain in results.

If You are a sufferer, take FOLEY'S KIDNEY CURE at once. It will make you well.

## Some Pronounced Incurable

Mr. G. A. Stillson, a merchant of Tampico, Ill., writes: "FOLEY'S KIDNEY CURE is meeting with wonderful success. It has cured some cases here that physicians pronounced incurable. I myself am able to testify to its merits. My face today is a living picture of health and FOLEY'S KIDNEY CURE has made it such."

## Had Lumbago and Kidney Trouble

Edward Huss, a well known business man of Salisbury, Mo., writes: "I wish to say for the benefit of others, that I was a sufferer from lumbago and kidney trouble, and all the remedies I took gave me no relief. I began to take FOLEY'S KIDNEY CURE, and after the use of three bottles I am cured."

## The Fraternal Order of Colonials.

A Fraternal Beneficiary Society Organized Under the Laws of the State of Missouri.

## Reserve Fund Created From Inception of the Order.

## Objects of the Order.

The purpose of this organization is to unite in a Fraternal body all white male persons of good moral character; between the ages of 18 and 50 years, who can pass the necessary medical examination, and who are not engaged in hazardous occupations.

## Government.

The members of the Order are united into Local Assemblies, and are governed by a Supreme Assembly of 26 members elected by all the members of the Order every four years. The laws enacted by the Supreme Assembly are applied by the Supreme Executive Committee consisting of the six Supreme Officers of the Order, and by a Supreme Auditing Committee of three representative business men.

## Plan of Operation.

The amount of money the beneficiaries of a member receive at his death depends upon the period of membership. If death occurs during the first year of membership the Order pays \$200 on each \$1000 named in the beneficiary certificate; if death occurs during the second year the payment is \$400 on each \$1000; if death occurs during the third year the payment is \$600 on each \$1000; if death occurs during the fourth year the payment is \$800 on each \$1000; but if death does not occur until the fifth or later year of membership the Order pays, not only the full face of the certificate, but in addition thereto all assessments paid thereon, less \$150 for each \$1000 named in the certificate.

## Application of Assessments.

Out of every monthly assessment paid by each member, 86 2/3 per cent. thereof is applied to maintaining the Order and paying death losses. The full and prompt payment of every death claim is guaranteed by the Reserve Fund of the Order. The Reserve Fund is created, first, by 13 1/3 per cent. of each and every assessment paid by every member; second, by all deductions from the certificates of members whose deaths occur after more than four full years of membership.

bership. The double stream of revenue flowing into this fund creates a percentage of Reserve not surpassed by any Fraternal Order in existence.

## Ritual.

It is the aim of the Order to afford its members an equitable, business-like, and economical plan of protection, founded upon the past experience of the life insurance world. But it is at the same time a social organization. It has a beautiful Ritualistic work that is pleasing and instructive.

## Expense.

The membership fee is \$5.00. This includes the cost of medical examination. Benefit Certificates are issued for \$1000 or \$2000 as each member for himself may elect. The assessment is 75 cents per month on each \$1000. Each Local Assembly fixes a small monthly payment for local dues to meet such expense as it may incur. The payments each month are the same, and all members pay alike. Assessments are not graded according to the ages of the members, but the money paid out at the death of each member is equalized according to his period of membership.

## Lightning Scatters Wine.

A whimsical event in the history of lightning was the descent of an electrical bolt into the refractory of an abbey in Tours, wherein there were a hundred and fifty monks enjoying their supper. Not one was hurt and the only damage done was the upsetting of 150 bottles of wine, one bottle to each monk.
